

BANGKOK SUPERYACHT REFITS

BANGKOK

กรุงเทพมหานคร

ANYTHING IS POSSIBLE

Arguably one of the most intense and culturally rich cities in the world, Bangkok is home to Clearvac Engineering Asia's Yacht Refit Shipyard, located at Bangkok Dock Co. in Sathorn, central BKK.

Sathorn offers easy access to incredible shopping, breathtaking sky-bars, world-renowned street food, and a night-life unlike anywhere else on the planet. Our refit facility is just a short walk from the BTS Sky train transportation system.

This ultra-efficient service, which is an experience in itself, covers the sprawling metropolis, allowing you to easily explore all that Bangkok has to offer.

We can also recommend marine immigration and customs agents, as well as local accommodation options for all budgets.

WELCOME TO THE LAND OF SMILES

The Thai natives are world-renowned for their kind and positive nature. Visitors to Thailand fall in love with the pristine beaches, majestic mountains, and sensational capital city; however, it's the Thai people who really make Thailand so special!

THE MOST VISITED CITY IN THE WORLD

Known for its vibrant street life, rich cultural heritage, and mouthwatering cuisine, Bangkok has rightfully earned its reputation as the most visited city in the world, with 35 million visitors in 2024.

THE HUB OF SOUTHEAST ASIA

Thailand offers a range of short- and long-term visa options that are easily accessible. Bangkok is the hub of Southeast Asia; travelling internally is especially easy and inexpensive, encouraging short trips to explore the wonders of the kingdom.

INCREDIBLE VALUE FOR MONEY

With cost-effective accommodation, food, transport, entertainment, and healthcare available in the city, Bangkok lives up to its reputation as the fifth most affordable city in the world.

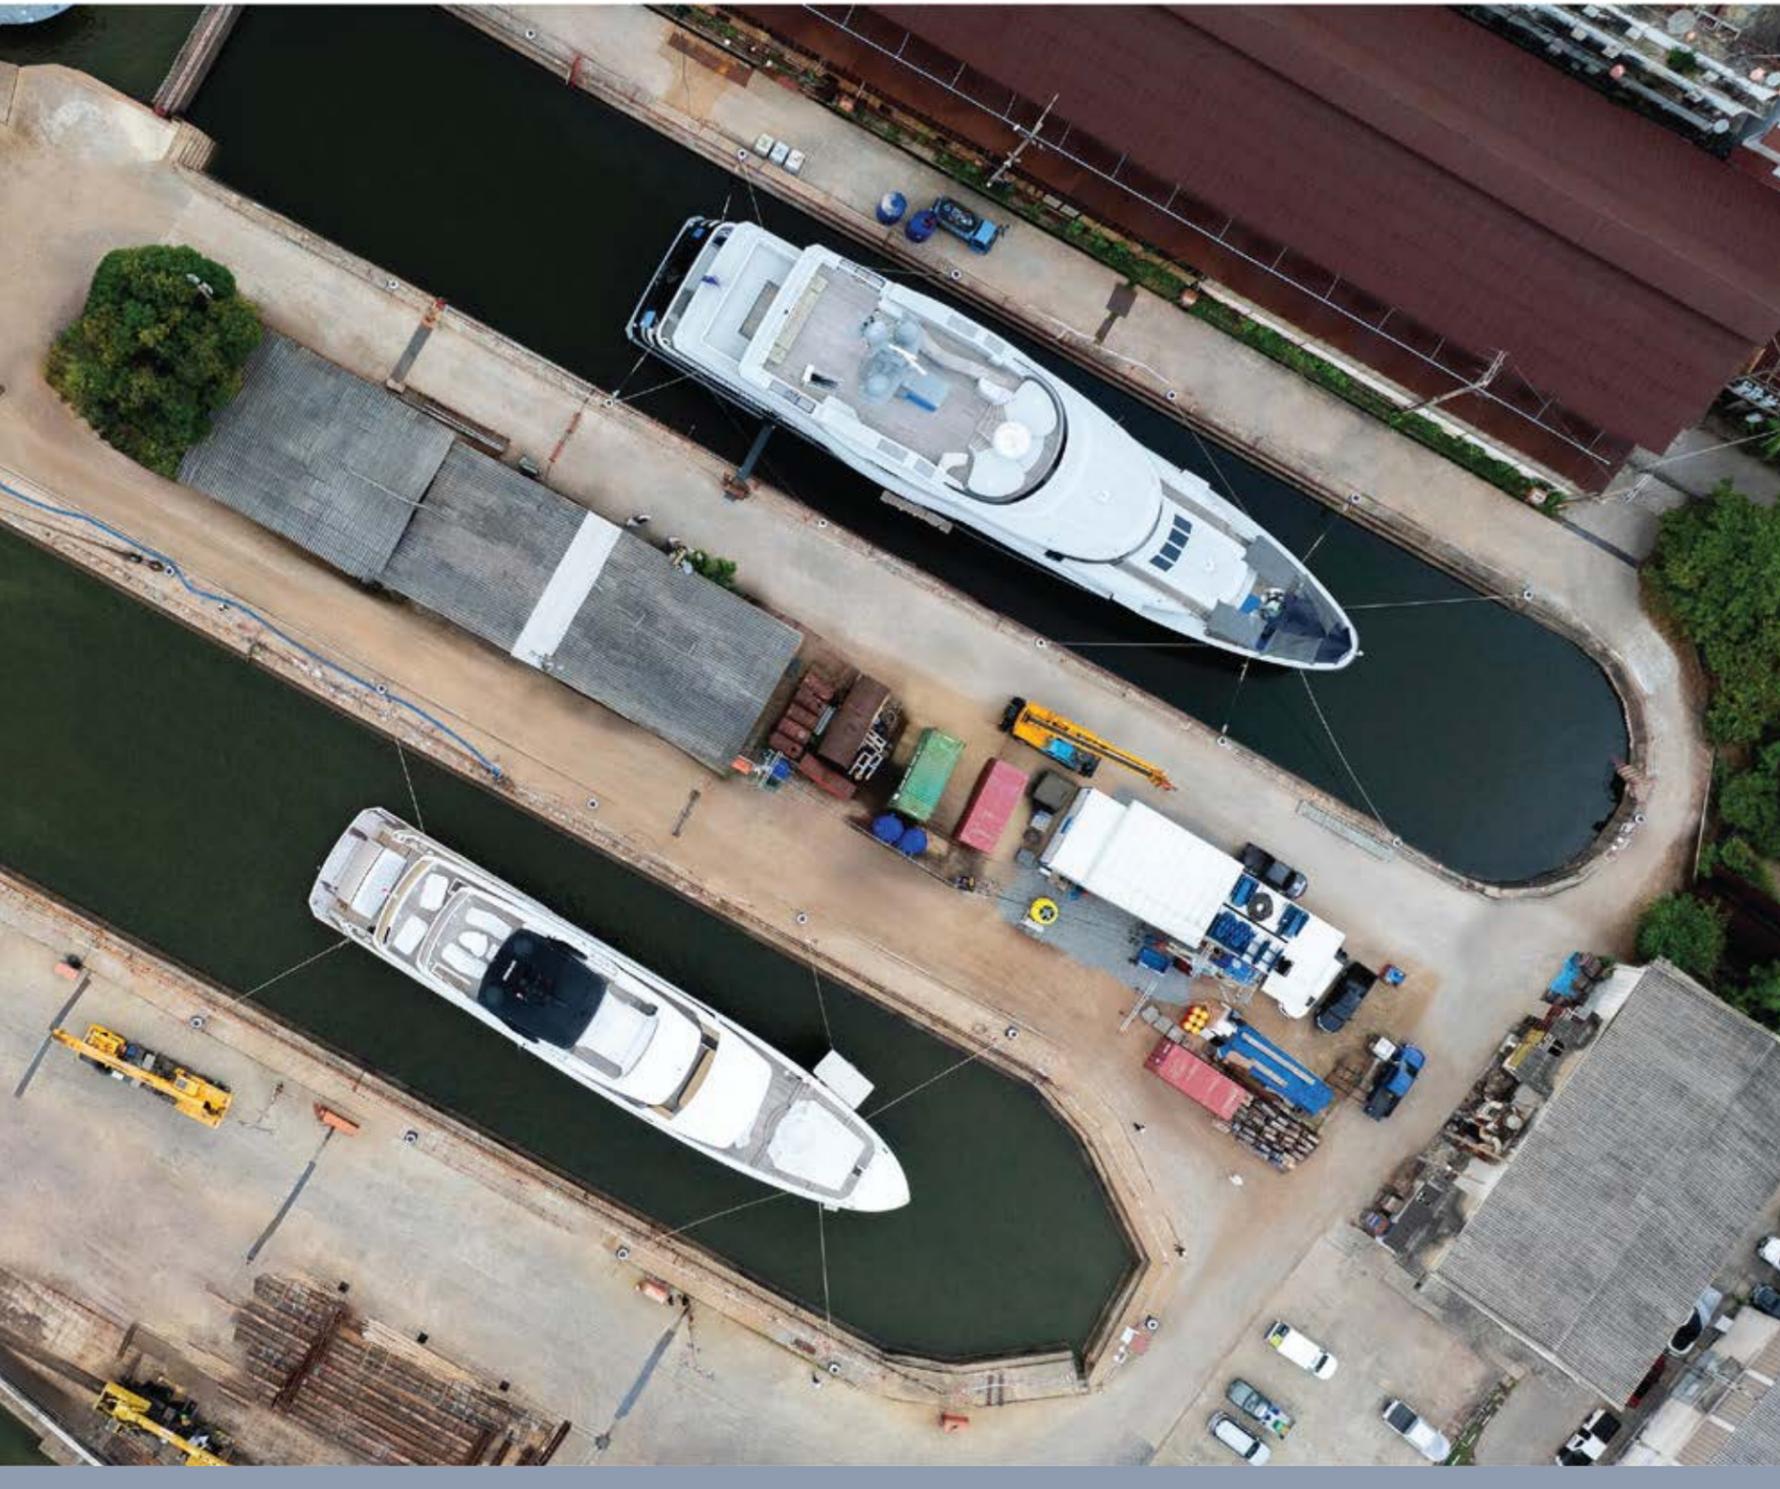

A SAFE CITY TO EXPLORE AND ENJOY

According to the Numbeo Crime Index 2023, Bangkok ranks at number 207. As one of the safest cities in the Southeast Asian region, it has a visible police presence, and strategic tourist police offices are located throughout the city.

WORLD CLASS CUISINE

Thai cuisine is a harmonious blend of flavours, textures, and aromas, making it one of the most popular cuisines in the world. Its complex flavours, fresh ingredients, balanced tastes, and unique cooking techniques, along with cultural influences, contribute to its incredibly mouth-watering appeal.

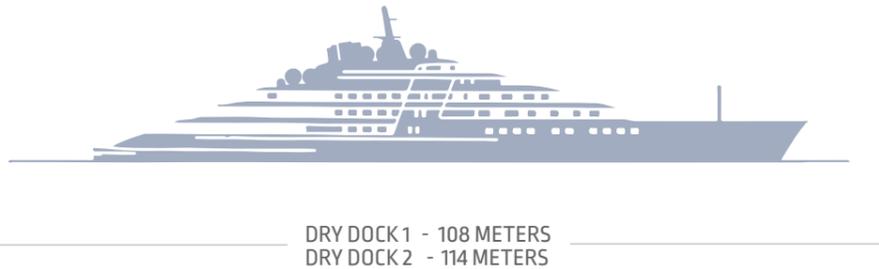

SUPERYACHT DRY DOCKS

Thailand's premier yacht refit, superyacht shipyard. Regionally unmatched for yacht refit project management, led from our fully equipped Bangkok Dry Docks; in the Sathorn district of downtown BKK.

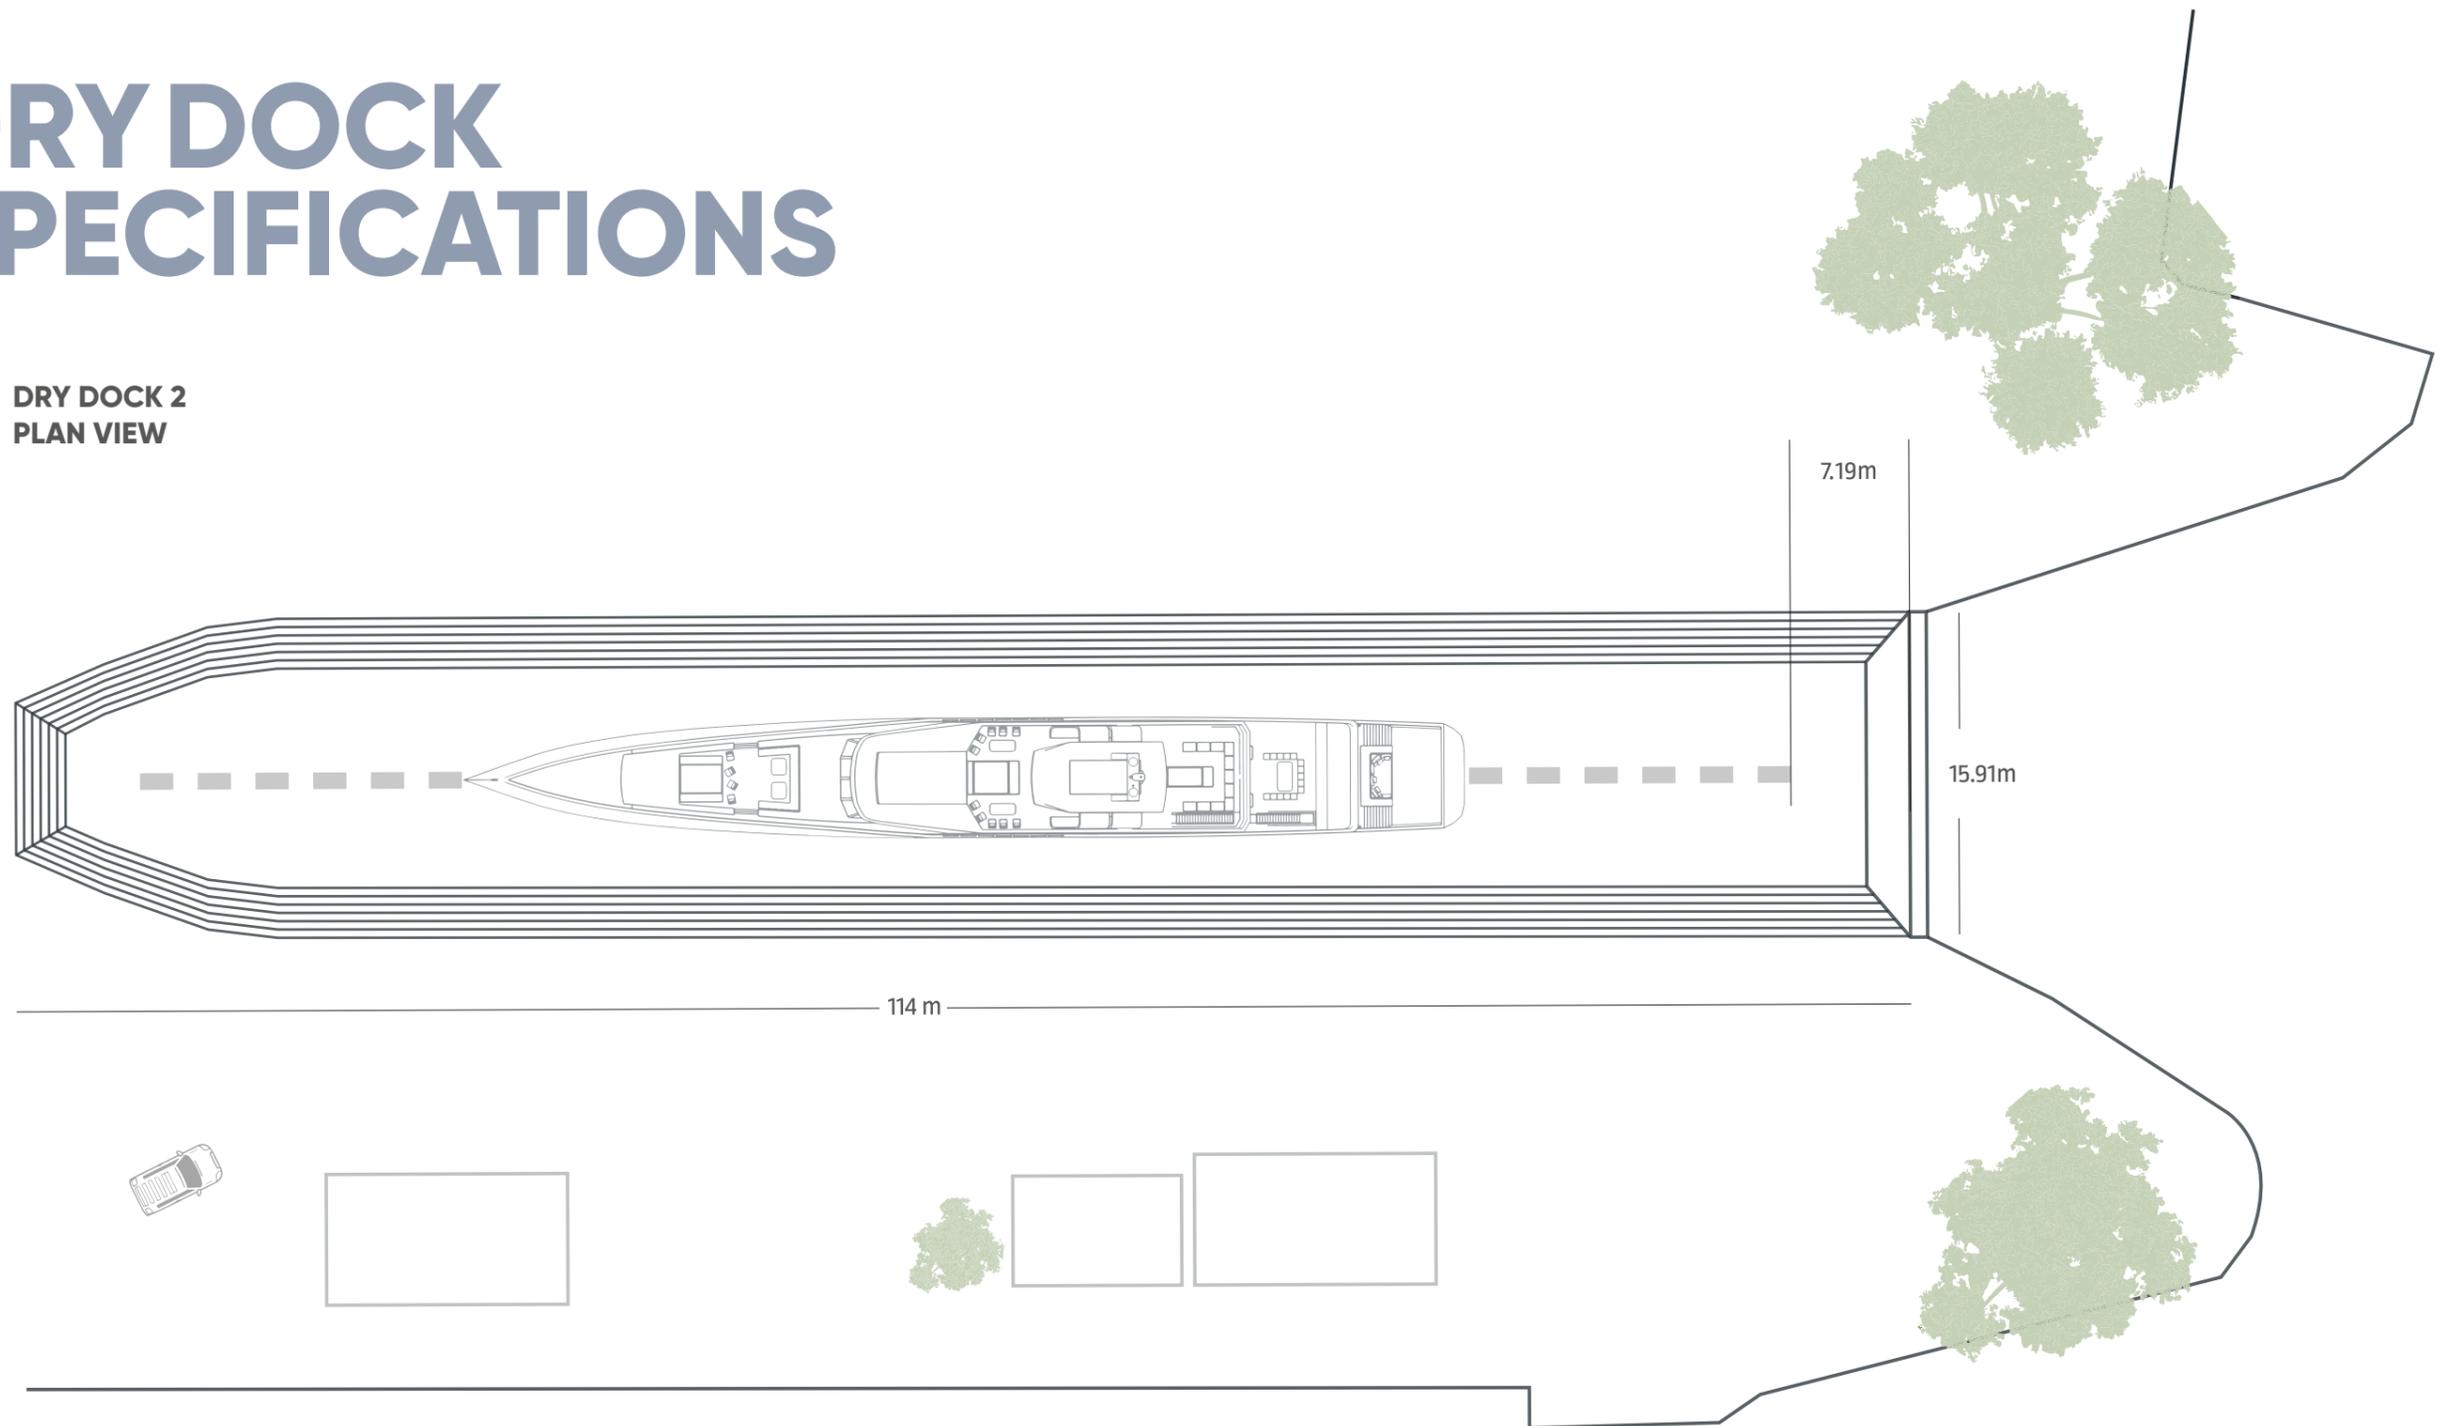

We support motor yacht captains and crew, chief engineers, managers, and vessel owners to meticulously plan and execute maintenance and refit projects from our southeast Asian paradise, collaborating with leading suppliers and subcontractors within the industry, Clearvac Engineering Asia is committed to consistently achieving exceptional results when handling even the most complex of project briefs.
